## Industrial **SL Way Oil 68**

This oil is particularly used for the lubrication of machine tool slideways. By the use of special additives, the adhesive and lubricity properties are increased and shocks (so-called stick-slip) are avoided.

## Performance

• AFNOR: NF E 48-603 HM	• CINCINNATI: MILACRON P-47

• DIN: 51502 CGLP • DIN: 51524 Part 2

## Features

Stick-slip performance : good stick-slip test results. Extreme pressure properties : mild EP properties.

## **Applications**

This oil is specifically suitable for slideways of machine tools, chains, reductions, and general lubrication of machines when oil spattering has to be avoided.
