

This is a full synthetic lubricant based on carefully selected very high quality base oils that was especially developed to meet the requirements of Volvo passenger cars. It is characterized by increased lubricating properties and a better fuel economy. In this way it procures a reduced fuel consumption and a longer lifetime of the engine.

Performance

- ACEA: A5/B5-12
- API: SL/CF
- VOLVO: VCC 95200377

Features

Cold start : very good fluidity at low temperature.

Total engine protection : performance in keeping the engine clean.

Fuel economy : superior fuel economy and CO2 reduction.

Applications

This oil is recommended for the gasoline and diesel models of Volvo Cars of the latest generations, equipped with 5-cylinder engines.

Characteristics	Unit	Average
Density at 15 °C	kg/l	0.850
Viscosity -35 °C	mPas	6000
Viscosity 40 °C	mm ₂ /s	55.2
Viscosity 100 °C	mm ₂ /s	10.3
Viscosity index		178
Flash point COC	°C	220
Pour point	°C	-51
Total Base Number	mgKOH/g	10.0
Sulphated Ash	%	1.09
