TRANSMISSION LS 75W140 NFK Cars

This is a fully synthetic lubricant based on carefully selected highly refined base oils. This is a high performance transmission oil for all differentials, including those equipped with a "limited slip" mechanism. It is characterized by an exceptionally high viscosity stability at different temperatures and a very high fluidity at low temperature.

Features

Frictional properties: very smooth gear shifting, no vibration.

Anti-wear protection: extended transmission life.

Extended oil life: excellent thermal and oxidation stability.

Applications

This product is used in highly loaded axles and reduction gears of cars, trucks and off-road equipment. It has "limited-slip" characteristics, and is specifically recommended for 4X4 vehicles.
